freedomRail Offers Great Solutions for Organizing the Garage

Cincinnati, OH (March 15, 2011) After a long cold winter, people are ready to groom their garages and give them a much needed storage makeover. Many have been forced to use them as winter catch alls and have reluctantly kicked their cars to the curb. In fact, according to the U.S. Department of Energy, 25 percent of people with two-car garages don't park any cars in their garages, and 32 percent only have room for one. freedomRail garage systems can help people reclaim their garages for what they're intended for, the car!

Up and Away.

freedomRail Activity Organizers (\$8.55 - \$49.95) organize anything from tools to sports equipment and add flexibility to the garage. The 2' x 4' grid attaches directly to the wall and can be customized with storage accessories like tool hooks, garden baskets and ball organizers. Activity Organizers easily adjust to adapt to your family's changing needs.
